

Code Monkey "Mike"

1 2

Employee - DEV

2

When played:

you may return one of your employees to your hand.
This ability can't target outsourced developers.

"Good code documents itself? So that's why we have to write so much documentation..."

Testing in production works better than coffee!

The Assertive CTO

1 2 3 4 5

Employee - DEV

4

When played:

draw a card. **If the drawn card is a developer:**
you may play it this turn for (0).

Premature optimization is the root of all evil.

Copy Paste Developer

1

Employee - DEV

2

When played:

your other developers get (1) burnout point.

Ctrl C + Ctrl V. Commit. Done!

Copy Paste Developer

1

Employee - DEV

2

When played:

your other developers get (1) burnout point.

Ctrl C + Ctrl V. Commit. Done!

Downer Dave

1 2 3

Employee - DEV

1

When played:

add (1) burnout point to an opponent's employee.

Have you tried turning it off and on again?

Downer Dave

1 2 3

1

When played:

add (1) burnout point to an opponent's employee.

Have you tried turning it off and on again?

Database Developer

1 2 3 4

**When played:**

draw (2) cards. For any action card drawn this way: you can play it this turn for (0).

Drop database? I meant drop the bass!

Database Developer

1 2 3 4

**When played:**

draw (2) cards. For any action card drawn this way: you can play it this turn for (0).

Drop database? I meant drop the bass!

BI Developer

1 2 3

**When played:**

draw a card. If the drawn card is a knowledge card: you can play it this turn for (2) less.

BI is basically about concepts and methods to improve business decision making.

BI Developer

1 2 3

Shy Frontend Developer

1 2

Employee - DEV

1

Pay (x):

this developer gains (x) efficiency until the end of your turn.

Working overtime again?

Office Manager

1 2 3

Employee - HR

When played:

remove (1) burnout point from all your employees.

At the end of your turn: draw a card.

Entry level positions require 2 years of experience?

Office Manager

1 2 3

Employee - HR

When played:

remove (1) burnout point from all your employees.

At the end of your turn: draw a card.

Entry level positions require 2 years of experience?

Rockstar Recruiter

1 2 3

Employee - HR

When played:

if an opponent has (4) or more employees: take over an target employee.

At the end of your turn: draw a card.

I'm not stalking you. It's social research.

Rockstar Recruiter

1 2 3

Employee - HR

When played:

if an opponent has (4) or more employees: take over an target employee.

At the end of your turn: draw a card.

I'm not stalking you. It's social research.

Undercover HR Agent

1 2 3

Employee - HR

Pay (1):

flip a coin. If you win: take over an target employee. You can use this ability once a turn.

Our new employee used to write spaghetti code for a big pasta company.

Undercover HR Agent

1 2 3

Employee - HR

Pay (1):

flip a coin. If you win: take over an target employee. You can use this ability once a turn.

Our new employee used to write spaghetti code for a big pasta company.

The Nice HR Lady

1 2

Employee - HR

At the end of your turn: draw a card.

It's nice to be important, but it's important to always be nice.

The Nice HR Guy

1 2

Employee - HR

At the end of your turn: draw a card.

I love it when someone insults me. That means that I don't have to be nice anymore.

Scrum Master

1 2 3 4

Employee - Agile Coach

+1

When played:

draw a card for each developer you control.

While in play: your developers have efficiency +1.

If you can't convince them, confuse them.

Scrum Master

1 2 3 4

Employee - Agile Coach

+1

When played:

draw a card for each developer you control.

While in play: your developers have efficiency +1.

If you can't convince them, confuse them.

Clean code

1

Knowledge

+2

Attach this card to one of your developers to improve their efficiency. Knowledge can be transferred to another developer by paying its play cost.

It is not enough for code to work.

Design patterns

1 2

Knowledge

+3

Attach this card to one of your developers to improve their efficiency. Knowledge can be transferred to another developer by paying its play cost.

A design that doesn't take change into account risks major redesign in the future.

Defensive programming

1

Knowledge

+2

Attach this card to one of your developers to improve their efficiency. Knowledge can be transferred to another developer by paying its play cost.

The only defense against the world is a thorough knowledge of it.

Polymorphism

1

Knowledge

+2

Attach this card to one of your developers to improve their efficiency. Knowledge can be transferred to another developer by paying its play cost.

Inheritance is the object-oriented way to become wealthy.

TDD

1 2 3 4

Knowledge

+5

Attach this card to one of your developers to improve their efficiency. Knowledge can be transferred to another developer by paying its play cost.

Test first, debug later.

Unit tests

1 2 3

Knowledge

+4

Attach this card to one of your developers to improve their efficiency. Knowledge can be transferred to another developer by paying its play cost.

If you don't know the purpose of the test, you are free to delete it.

SOLID

1 2

Knowledge

+3

Attach this card to one of your developers to improve their efficiency. Knowledge can be transferred to another developer by paying its play cost.

Knowledge is power.

Version control

1

Knowledge

+2

Attach this card to one of your developers to improve their efficiency. Knowledge can be transferred to another developer by paying its play cost.

In case of fire: commit, push and leave the building!

Domain knowledge

1 2 3

Knowledge

+4

Attach this card to one of your developers to improve their efficiency. Knowledge can be transferred to another developer by paying its play cost.

If you're the smartest person in the room, you're in the wrong room.

Dependency injection

1 2

Knowledge

+3

Attach this card to one of your developers to improve their efficiency. Knowledge can be transferred to another developer by paying its play cost.

Now we can write sweet tests for our Cookie class!

Debugging

1 2

Knowledge

+3

Attach this card to one of your developers to improve their efficiency. Knowledge can be transferred to another developer by paying its play cost.

Some bugs in our backlog transformed into awesome features!

Continuous integration

1 2 3

Knowledge

+4

Attach this card to one of your developers to improve their efficiency. Knowledge can be transferred to another developer by paying its play cost.

Today we will introduce you to MR. Jenkins!

Outsourcing

1 2

Action Card

Take over an target employee until the start of your next turn. The opponent gets the resources you paid for this card.

I used to outsource all my homework to someone from another country.

Outsourcing

1 2

Action Card

Take over an target employee until the start of your next turn. The opponent gets the resources you paid for this card.

I used to outsource all my homework to someone from another country.

Investor

0

Action Card

You get additional resources (2).
Playing this card costs (0).

Sometimes all you need is a million dollars.

Investor

0

Action Card

You get additional resources (2).
Playing this card costs (0).

Sometimes all you need is a million dollars.

Investor

0

Action Card

You get additional resources (2).
Playing this card costs (0).

You get additional resources (2).
Playing this card costs (0).

Sometimes all you need is a million dollars.

Head Hunter

1 2 3 4 5

Action Card

Take over an target employee.
The opponent can pay you (5) to counter this card.

Don't sell yourself short, my friend.

Coffee machine

1 2

Action Card

You get (1) project point for every developer you control. All your employees lose (1) burnout point.

Let's turn caffeine into code!

Vacation Time

1 2 3

Action Card

All your employees lose (1) burnout point and they don't get any burnout points by the end of this turn.

I need a six month vacation, twice a year.

Vacation Time

1 2 3

Action Card

All your employees lose (1) burnout point and they don't get any burnout points by the end of this turn.

I need a six month vacation, twice a year.

Crunch Time

1 2

Action Card

You get (2) project points for every developer you control. At the end of your turn every developer you control gets (1) burnout point.

Work-life balance? What's that?

Technical debt

1 2 3 4

Action Card

Shuffle all employees and their knowledge into the deck.

Are you brave enough to touch the ancient legacy code?

Monster Bug

1 2 3

Action Card

All opponent employees get (1) burnout point.

It's not a bug, it's a feature.

Monster Bug

1 2 3

All opponent employees get (1) burnout point.

It's not a bug, it's a feature.
